Circular acad./23-24/6 - Nursery to 8 **CIRCULAR – 6** **Date: - 16-6-2023**

Dear Parents,
Nursery to class 8,

The National Education Policy (NEP), 2020 highlights the importance of reading and recommends making available quality literature for children to build a culture of reading across the country. The Central Board of Secondary Education (CBSE) launched the CBSE Reading Mission to achieve this goal, and to promote the joy of reading.

Under the CBSE Reading Mission, the Board launched the CBSE Budding Authors Programme to provide students a platform to engage in reading different types of stories and learning to write effectively, and has launched the CBSE Reading App powered by Freadom . This app is designed to make reading an engaging and rewarding experience for students of all ages.

Steps for students and teachers to board on to the CBSE Reading App:

1. The circular may be referred for instructions on how to download and install the app.
2. The video walkthrough of the process may be referred to for additional information Video Walkthrough: https://bit.ly/CBSEReadingAppbyFreadom
3. Students of the school and the teachers can access a large digital library, consisting of reading material for Nursery Grades to Grade VIII, through the use of this app.
4. To motivate learners to actively engage with reading tasks, top readers (who log in the maximum number of reading time) in each grade across schools will be felicitated on National Reading Day
5. CBSE affiliation code of Blossom school is - 1131079

The CBSE Reading Mission aligns with the NEPs goals of developing higher order skills- creativity, critical thinking, problem solving, visualization, and idea generation, by providing a well-designed, levelized and adaptive, one-stop platform.

Frequently Asked Questions:

1. What is the format of the school registration code?

A Your school code is the same as your school affiliation code to log into the app and it consists of 7 digits. Please note that if your affiliation
code is of 5 digits, you will need to add a '0' at the start of it. Eg. 101123 → "0101123"

2. Can multiple children use the app on the same device?

A No, the app currently allows only one child per grade per phone number.

3. What should I do if a student forgets the school code used to log in?

A Your school code is your school's affiliation number provided by CBSE. You can provide the school code to the students to log in to the app again.

4. Can teachers log in for full content access?

A. We don't have a separate login for teachers at the moment. However, teachers can log into the reporting portal and check the usage for their respective schools here: https://web.getfreadom.com/cbsereadingapp

5. How can students change their grades on the app for the new academic session?

A Currently, there is no way to change a child's grade on the app. This happens once every year when the child is auto-upgraded to the new grade.

While signing up, you are requested to choose the grade in which the child is going to for Academic Year 2023-24

6. Is the CBSE Reading App available for Grades 9 and 10?

A The app is only available for students in Kindergarten through Grade 8, as of now.

7. Is the CBSE Reading App available for international schools outside India?

A Yes, one can sign up on the app by changing the country code, and adding your phone number and CBSE Affiliation code when requested in the signup process.

For any further clarifications or help, you may send an email to cbse@getfreadom.com

Regards,
Team CBSE & Team Blossom
