BLOSSOM BUDDIES
PRE-SCHOOL
(Nursery | LKG | UKG)

About Us

The best way to learn is to do. We believe in the implementation of learning by doing. We believe that each child is born talented. At **Blossom**, children are encouraged to learn through experience, clarify the key concepts and application of those lessons in a practical way. **Blossom** is not just about learning, it's actually an opportunity to Train Your Mind! For a brighter future, we search for their passion to convert into the profession they should enjoy!

They are molded to explore and blossom. The name **Blossom** itself says it all... the pleasant, real and natural overall development of a child... At **Blossom**, we translate philosophy into practice by focusing on project work, action learning, workshops, social visits, cultural & traditional activities, simulation & community based learning. **We allow children's PASSION to become their only MISSION which can be transformed into PROFESSION.**

"To find out what one is fitted to do, and to secure an opportunity to do it, is the key to happiness."

From GEI President

Knowledgeable community has always been a Minority Community and perhaps the whole purpose of educational systems is to convert this minority community into majority.

All our endeavors at **GEI's Blossom International School** are to help children develop their potential to the fullest, using a process of acquiring information, convert it into understanding which should later on convert it to knowledge.

There is an apt Sanskrit saying :

अज्ञेभ्यो ग्रन्थिनः श्रेष्ठाः ग्रन्थिभ्यो धारिणो वराः ।
धारिभ्यो ज्ञानिनो वराः, ज्ञानिभ्यो व्यवसायिना ॥

Which indicates importance of action. At **Blossom**, 'Learning by Doing' helps in orienting children to use knowledge for relevant worldly action.

I am sure Education at Blossom will help children blossom to their true potential.

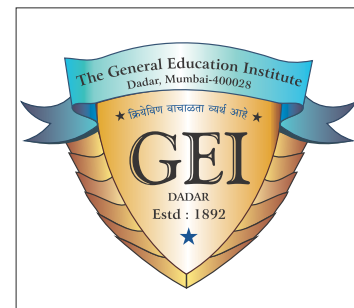

Dr. Ulhas Kolhatkar
GEI President
M.D., D.C.H., F.C.P.S.
(Child Specialist)

GEI's S.V. Joshi Vidya Sankul

GEI's S. V. JOSHI High School is the oldest and first school commenced in Dombivli city in 1937 by GEI and Mr. Anant Sakharam Joshi. The school was led by Late Mr. Sakharam Vaman Joshi, after whom the school was named. Foundation of this school was done by Bharat Ratna Maharshi Karve.

The school provides education from junior kindergarten to S.S.C. In year 2009-10 school had added a junior college. The year 2011-12 marked the 75th anniversary of the school. Strength of Blossom International School - GEI

Blossom International School is one of the branch of Mumbai based **General Education Institute's** rich and strong heritage of 129 years. The **General Education Institute**, Dadar, Mumbai 400028 owes its existence to the commendable efforts of **Late Gopal Narayan Akshikar** and **Late Ganesh Ramchandra Lele**. The institute established in the year 1892 (24th April) is one of the oldest prominent and pioneering institutions in the field of secondary education. The Institute had good fortune to have guidance and encouragement in it's infancy from **Justice Ranade** and **Justice Telang** during the last decade of the 19th century.
